eco-friendly cleaning services

## We know you have better things to do than clean.

Don't waste another minute of your life dusting, vacuuming again and again, scrubbing the tub or washing your floors. Our goal is to provide you with a blissfully clean home that you can relax in with your friends and family.

Building great relationships is our number one priority, and we send the same EcoCleaners to your appointments so you establish the trust and respect necessary to guarantee your peace of mind.

We combine the best non-toxic products and supplies on the market with proven cleaning techniques and a meticulous quality assurance protocol in our commitment to providing the best cleaning services in the Edmonton area.

We hope you will welcome us into your home so we can have the opportunity to exceed your expectations. Our services are backed by our satisfaction guarantee, so you can always be confident using the Green Clean Squad.

Sincerely,

Katie Pearse & Karen Sarnecki  
Directors / Owners

# Cleaning Products & Supplies

## Pink Solution & Mother's Choice

Pink Solution is a natural enzyme cleaner, which emulsifies dirt, grease and grime, actually brightening surfaces that most cleaners dull. It is made from sea kelp, vegetable tallow, soda ash and

water. No perfumes, fragrances or dyes are added. Five times stronger than Pink Solution with a fine pumice added, Mother's Choice will clean everything from hard water to ovens.

## Dyson vacuums

We supply a Dyson vacuum with HEPA filter for a thorough cleaning of carpets, rugs, and floors. Exhaust air emitted from a Dyson has up to 150 times less bacteria and mold than the air you breathe. Dyson vacuums are the only ones certified Asthma and Allergy Friendly according to the Asthma Society of Canada.

## Twist biodegradable sponges

Twist offers natural household products made with simple and smart designs. Some products, like the European Sponge Cloth, offer a new way to approach kitchen and bathroom cleaning. Others, like the Loofah Sponge, are simply a

more eco-conscious alternative to their traditional competitors.

## Oreck Rinse-A-Matic Steamer Ultra® carpet

Eliminates 99.99% of mold and dust mite allergens. The double-helix, deep-cleaning brushes wash, lift, groom, and extract stains, sticky residue and grime that even the best vacuum cleaners are simply not designed to remove. And unlike any carpet steamer available, it actually washes, rinses and dries your carpets and bare floors.

## The Germ Guardian™ UV-C Light Wand

Harnesses the power of naturally occurring UV-C light technology making it a safe way to kill germs on surfaces without the use of chemicals.

UV-C light is the same technology hospitals use to sanitize. Kill 99% of germs such as salmonella and staph within a minute of exposure. Also destroys bacteria and mold.

## Essential oils

Essential oils are the highly concentrated aromatic essences of plants. The purest essential oils come from carefully cultivated and wild plants from climatic and geographic regions throughout the world. Choose from lemon, vanilla, eucalyptus, mint, or a combination.

## EcoSafe Garbage Bags

The garbage bags we use to collect your trash are 100% biodegradable and great for composting, tear-resistant, and will break down in 10 - 45 days in commercial compost.

## Staff

We are dedicated to being knowledgeable and educated about green cleaning! Our extensive training ensures every member of the Green Clean Squad provides the best service in the industry and is a green-cleaning expert. We also perform criminal background checks and reference checks on all our employees.

### Training

Each member of our staff must successfully complete our rigorous, custom-designed training program.

### Certification

We are currently pursuing certification through the Green Clean Institute™, the most recognized eco-friendly designation in North America. Each employee must successfully complete a course and exam. Once completed, the Green Clean Squad will be only the second company in Canada to have achieved this honour. Please see [www.greencleaninstitute.com](http://www.greencleaninstitute.com) for more information.

## Client Testimonials

"I have used other cleaning services in the past and I have found the Green Clean Squad to be far superior. They have been extremely reliable and have done a very thorough job of cleaning my house from top to bottom, in a reasonable amount of time. I love that they use eco-friendly products with added essential oils that smell wonderful. Plus, the ladies are so warm and friendly with my children and pets that I am happy to have them in my home." Brandi, Edmonton

"I just wanted to send an email to say thank you so much for the fantastic job you did on my house this morning. Both my husband and I are so pleased and impressed with what a thorough job was done. Coming home to a clean, yet not-chemical smelling house made my week." Jill, Edmonton

"I came home from work today and did a double take. My roommate and I sat in the living room for an hour just to admire the job you guys did." Lisa, Edmonton

"What a difference! I can't believe how amazing my house looks. Thank you for all your hard work and know I will be recommending you to everyone I know." Chelsea, Edmonton
